What is panigiri?

Each area, village, island has its own customs and traditions and these are celebrated in a unique get together of locals and visitors. Defining a panigiri as a "popular festival" would be an understatement as it is much more than that. It is a celebration of life, it is an epic gathering where people eat, drink and dance until they drop, as if there is no tomorrow. This is what a Greek Panigiri is all about!

ATHENS

Privatize a centrally located street in the city center near the Acropolis and recreate the whole experience with live cooking stations, traditional decoration, actors and live entertainment.

CYPRUS

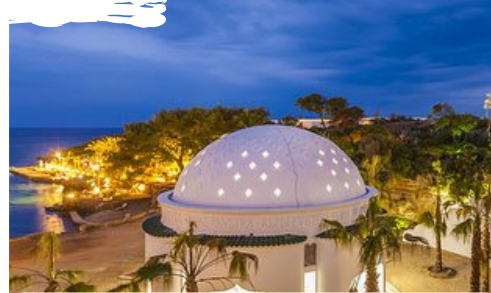

A Theme Dinner that takes place at the square of a Traditional stone built village. Locals are invited and add to the experience, recreating an authentic and unique evening.
